As a dedicated senior school, we offer a broad range of VCE subjects, acceleration opportunities, select entry academic programs, and hands-on programs like VET and VCAL.

Our college offers a wide choice of pathways to tertiary education and professional employment, sporting endeavours, performing arts and highly skilled trades.

Students learn inside and beyond the classroom, helping to ensure they leave as young adults, well prepared for life after secondary college.

You can be assured that at Point Cook Senior Secondary College young people will have access to the support and opportunities they need to succeed and create their own positive future.

Darryn Kruse
Principal

A dedicated VCE, VET and VCAL college

Whether they are undertaking studies in VCE, VET or VCAL we support each student in their personal learning needs and help them fulfil their aspirations:

- More students successfully complete their senior year than in any other government school in the area.
- Our students achieve valuable places at university, TAFE and post college employment.
- The majority of our students who apply for tertiary education receive an offer, with over 90 percent of those students going on to university or TAFE.
- Tertiary courses accessed by our students cover a broad spectrum - Engineering, Biomedicine, Computer Science, Pharmacy, Arts, Film and Television, Mathematics, Accounting and Finance, Science, Teaching, and so on

You can become one of the many hundreds of senior students who have successfully followed their dreams.
A personal pathways approach to learning
At Point Cook Senior Secondary College we recognise that all students can learn - academically and practically.
- offering personal VCE outcomes for senior students
- careers focal points and advisory program
- a wide variety of pathways
- a focus on students’ abilities and goals
- guidance to make astute and appropriate subject choices
- helping students take responsibility for their own learning
- working in a manner that best suits a range of learning skills
- folio preparation and pre-selection interview workshops for university entry

Accelerated opportunities for high achievers
Through the Select Tertiary Admission Master Program (STAMP), we deliver an accelerated VCE academic program involving core subjects:
- Maths (Further Maths, Maths Methods, Specialist Maths)
- Science (Physics, Chemistry)
- Business (Legal Studies, Economics)
- English, English as an Additional Language or English Literature

Maximum returns for study efforts
There is more to learning success than the academic classroom. We help our students maximise the value of their effort and take a practical approach to VCE and senior years:
- VCE early start and orientation program and study camp
- opportunity to evaluate VCE course decisions and flexibility in subject choice
- VCE literature seminar series and subject-based master classes
- an ICT rich curriculum, to expand and enrich learning opportunities
- building academic responsibility and autonomy in learning
- coaching in clever study techniques
- individual learning plans and additional tutoring when needed

A wide choice of future pathways
From Years 10 to 12 we provide the widest possible range of academic and practical pathways in VCE, VET and VCAL:
- a range of VCE subjects in Humanities, Maths, The Arts, English, Science, LOTE, Technologies and PE
- university extension studies for academically accelerated students
- a wide choice of VET and VCAL courses focused on future employment
- Year 10 work experience programs
- AFL program and AVID program for specialist needs
- valuable partnerships with universities and TAFE colleges
- careers and community links leaders and advisors
- offering personal VCE outcomes for senior students
- careers focal points and advisory program
- a wide variety of pathways
- a focus on students’ abilities and goals
- guidance to make astute and appropriate subject choices
- helping students take responsibility for their own learning
- working in a manner that best suits a range of learning skills
- folio preparation and pre-selection interview workshops for university entry
- coaching in clever study techniques
- individual learning plans and additional tutoring when needed

A wide choice of future pathways
From Years 10 to 12 we provide the widest possible range of academic and practical pathways in VCE, VET and VCAL:
- a range of VCE subjects in Humanities, Maths, The Arts, English, Science, LOTE, Technologies and PE
- university extension studies for academically accelerated students

A rich learning environment

The diverse range of learning experiences helps our students define their interests, skills and aspirations:

- student leadership program
- a wide variety of team and individual sports activities
- participation in regional and state sporting competitions
- participation in annual Science Fair, Art Exhibition, Talent Show, etc.
- high academic performance clubs
- Year 10 Community Action projects
- performing arts activities and school productions
- special events and celebrations such as Multicultural Week, Reconciliation Week and IDAHOT
- a large number of clubs and societies

A new campus with 21st Century facilities

We have an ongoing program of improvement that ensures all students have access to 21st Century facilities:

- one-to-one netbook and ‘bring your own device’ program for all students
- Learning Resource Centre
- Design Technology facilities for Textiles and Wood
- gymnasium, fitness room, sports courts and fields
- Food Technology and Hospitality learning spaces
- Music and Drama spaces
- Science and Technology centre, with modern facilities for Chemistry, Physics, Biology and Environmental Science
- Trade Training Centre offering programs in Automotive and in Building and Construction

A supportive and inclusive learning culture

By joining PCSSC, you will be joining a group of like-minded students and long-term friends:

- our students feel that they belong
- a young adult environment and culture
- help in maintaining a healthy lifestyle and balancing VCE stress
- a rich and supportive social environment
- mental health and adolescent wellbeing support and activities
- strong pastoral care program with dedicated time and staffing through the advisory program

Active involvement with parents and community

- partnership between home and school
- organised parent seminars to provide a range of information
- assistance in understanding the pressures and demands of Year 12 students
- parent representation on School Council
- community and parent engagement though cultural activities

An easily accessible campus

Situated close to the shopping precinct of Point Cook, we are well serviced by public transport and road access.
