

2024 Subjects Course Counselling

Dear parents and/or guardians of 2024 Year 10 students,

In this enrolment pack, you will find Point Cook Senior Secondary College's subject selection forms for 2024. We ask that you start considering your child's pathway, not only for Year 10, but also for VCE, and post-secondary school options. Knowing this information will help you and your child select their subjects for Year 10, and assist our school with their pathway beyond 2024.

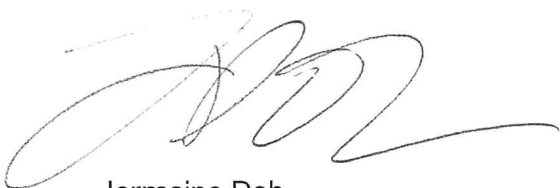

Our 2024 subject selection handbook is available on our school website, however if you and your child should require further support, our school will be offering subject course counselling sessions, which you can book at <https://www.trybooking.com/CJKRA>, or scan the QR code to the right. The course counselling sessions will run from the 7th of August through to the 11th of August, however we ask that you sign up for a session by the 4th of August if you wish to attend.

If you and your child do not require any assistance with course counselling, please ensure that the subject selection course sheet is handed back in with the rest of the transitions pack. As there are a limited number of places available for each subject, we cannot guarantee that your child will be placed in the subjects of their choice, so we would highly recommend that you return the enrolment forms as soon as possible to guarantee your child a spot in the subjects of their choice.

Should you have any questions, please do not hesitate to contact the school directly.

Kind regards,

Jermaine Doh
